BEFORE

THE PUBLIC SERVICE COMMISSION OF

SOUTH CAROLINA

DOCKET NO. 96-082-C - ORDER NO. 96-567

AUGUST 19, 1996

IN RE: Application of Business Options, Inc. for a Certificate of Public Convenience and Necessity to Provide Intrastate Resold Telecommunications Services within the State of South Carolina.

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Business Options, Inc. ("BOI" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed BOI to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of BOI's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. BOI complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. A Petition to Intervene was filed by the

Consumer Advocate for the State of South Carolina (the "Consumer Advocate"). Subsequently, the Consumer Advocate notified the Commission that it was satisfied that the Company's filing was consistent with prior dockets, and, therefore, the Consumer Advocate would not participate in the scheduled hearing.

A hearing was commenced on August 7, 1996, at 11:30 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. BOI was represented Robert D. Coble, Esquire. Catherine D. Taylor, Staff Counsel, represented the Commission Staff.

Kurtis J. Kintzel, CEO of BOI, appeared and offered testimony in support of BOI's Application. Mr. Kintzel stated that BOI is an Illinois corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Kintzel, BOI proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Mr. Kintzel explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Mr. Kintzel also explained that BOI possesses the technical, financial and managerial abilities to provide its services in South Carolina. Mr. Kintzel further testified that the Company would make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the

Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

- 1. BOI is incorporated under the laws of the State of
 Illinois and is licensed to do business as a foreign corporation in
 the State of South Carolina by the Secretary of State.
- 2. BOI operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.
- 3. BOI has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

- 1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to BOI to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.
- 2. The Commission adopts a rate design for BOI for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application

DOCKET NO. 96-082-C - ORDER NO. 96-567 AUGUST 19, 1996 PAGE 4

of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

- BOI shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. BOI shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).
- 4. BOI shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.
- 5. BOI is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to

facilities-based interexchange carriers.

- 6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.
- 7. BOI shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If BOI changes underlying carriers, it shall notify the Commission in writing.
- 8. With regard to the origination and termination of toll calls within the same LATA, BOI shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).
- 9. BOI shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.
- 10. That this Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
